I look forward to working with you.

……

NICE TO MEET YOU TOO!!

This is the only condition I ask to be involved in the crime of aiding your suicide.

I'd like to begin by collecting your **"wills"**.

In my next life, I want to be a beautiful girl.

No... I will!

curse them...

All the people believing in eternal love...

you can all...

All the scumbags who bullied me, all the ones who turned a blind eye to it...

You can all go to hell...

Very well.

Sparkling, charming young lady?

What about you,

So I don't have any last words to say!

Coming here was all I wanted, a dream come true!

This way.

Well, I guess we should get going.

I see.

Thank you so much!

I'm doing this so that I can see these smiles on your faces.

I'm glad to hear that.

Well, have a safe trip home.

I'm going to Thai-land!

I'll GET a BF!

I'm going to kill that guy!

Thanks for your help, sir!

I can't believe I've been trying to kill myself for three days!

When I was enveloped in that thick smoke, the thought of dying started to seem ridiculous, and I felt refreshed!

WHAT THE HELL IS THIS?!

This is a scam! I can't believe it! This is devilish!

Weren't you supposed to send us to the other-world?!

What?!

I'm afraid that didn't work on you, then.

I see.

If you'd used proper charcoal briquettes, I'd be carbon monoxide poisoned and ready for heaven by now!

Why are you using that thing as a toy?

Then what the hell was that charcoal briquette smoke for? Why didn't it work?!

YOU MEAN I CAN'T KILL MYSEEE-EEELF?!!

It's a special concoction of mine...

As you can see, that's no ordinary charcoal briquette.

I knew I shouldn't have come here.

I should have just hung myself at home.

ナッ

I thought that if I was going to "go out", it would have been more fun to do it in company than just by myself. Thank you for letting me use this place, but...

Good-bye.

So I'll go back and try to die again.

Congra-tulations,

You were chosen from 30,000 suicide volunteers per year...

You can no longer die on your own.

The admin... of the Suicide Cafe...

ドシャッ

So I'll give you a chance.

It's kind of one-sided and unreasonable on my part.

But, this isn't what you were wishing for...

What did you see in that dream?

A dream...?

In the car, when you were taking sleeping pills and inhaling charcoal smoke.

You must have had a dream earlier today.

A suicide...

That dream is about to become reality.

A high schooler girl jumped off a platform...

if you're willing to put your own on the line for it.

WERE YOU THINKING ABOUT KILLING YOURSELF, BY ANY CHANCE?

Hey, hold up! I need to ask you something...

WHAT THE HELL?!

COMMIT SUICIDE!

I WON'T LET YOU

She's just my friend, my best friend... we're just, like, playing!

Wait, no! I'm not!

Train conductor! She's stalking me! Help!

You're so stubborn!

Please! Don't go! Don't die!

Get away from me!

Track 3, Nanohana Line. Express train...

what?

THROWING YOURSELF OFF A PLATFORM IS THE WORST WAY EVER TO COMMIT SUICIDE, YOU KNOW!

You're going to end up as a squishy mincemeat mess.

And I'm pretty sure the people watching it will suffer from PTSD.

Your family will have to pay a huge amount of money for the damage, too.

It's a very fast way to die, and the odds of dying are pretty good, which certainly makes it a popular suicide method... But...

Something less annoying, less painful.

So let's rethink this, shall we?

THAT WILL MAKE EVERYONE HAPPY!

LET'S FIND A WAY TO KILL YOURSELF

uuh...
If you still want to jump off, it's best to start farther away from the station, where it's harder to be found.
I'm sorry, it won't be a happy thing, I meant it as a figure of speech!
Suicide to make people happy...? pfft...
what was that?

gah
Do you want to stop people from killing themselves or you just want to fix the way they do it?!

She wants me to go to a good university, and she's working really hard to get me there.

My mom...

Even if we don't have that kind of money.

Plus, I've been able to get into an expensive prep school program.

She wakes me up really early in the morning.

And picks me up from school every day.

So I just can't...

I'm going to fail my test.

And I'm... I'm just dumb.

I feel like everything I do is monitored, and it's suffocating...

love me, at all.

She doesn't know.

She doesn't know what I'm going through.

HUH?!

YOUR MOM LOVES YOU SO MUCH!

You've been working really hard.

I get it.

But...

IS BECAUSE SHE REALLY LOVES YOU, RIGHT?

YOU KNOW, THE ONLY REASON SHE'S DOING ALL THIS...

If you want to die anyway, why don't you talk to her first?

You didn't want to let her down and you were just trying to do your best to keep up!

I'm going to die a slow, painful death because of you, dumbass.

Thanks.

It looks like she's ok now!
